

WELL, SEE, ONE OF OUR CUSTOMERS  
SAID, "JUMP", SO I SAID, "HOW HIGH?"

## ECM CUSTOMER SERVICE. JUST A BIT OUT OF THE ORDINARY.

At ECM there's virtually nothing we won't do for our customers. Which is what separates us from the competition. Sure, everyone talks service, but we're passionate about it. So passionate that we installed a state-of-the-art tracking system that gives our customers immediate access to product availability and delivery information. So passionate that we have a multi-million dollar inventory of paperboard products. And so passionate that we use nothing but Marquip Precision Sheeters for a high-tech, flawless cut every time. At ECM, we don't just say that Every Customer Matters, we prove it.
