At ECM we like to say our initials stand for Every Customer Matters. But the proof is in how we show it.

- A state-of-the-art tracking system that gives our customers immediate access to product availability and delivery information.
- Marquip Sheeters for a high-tech, flawless cut every time.
- Quick Change™ skid inserts that allow you to load one skid while the other is finishing its run.
- A multi-million dollar inventory of paperboard products.

Now you see why, at ECM, we say Every Customer Matters.

**Serving paper merchants and the folding carton industry.**
